

CONGRESS2019

Symposium 10

Health Impacts of Pollution

Chairs: Dr Jill McKay & Prof T Gant

In 2018 the Chief Medical Officer (CMO) published a report called the Health Impacts of All Pollution - what do we know? The report covered all aspects of pollution from toxicology to economic impact. The purpose of this symposia is to highlight key aspects of this report of relevance to the congress attendees and provide a wider contextual view of the area as a whole. The session will culminate in a reflection session to drive discussion around this theme.

Title	Speaker	Institution
