

CONGRESS2019

Symposium 4

New paradigms of genotoxicity safety evaluation for risk assessment

Chairs: Dr J Kenny, GSK & Dr P Parris, AZ

To be completed

Title	Speaker	Institution
Use of Duplex Sequencing™ for Detection of In Vivo Mutagenesis and early Preneoplastic Events as Biomarkers of Human Cancer Risk	B Young	<i>Bioreliance</i>
Newly Validated 3D Skin Genotoxicity Assays Improve Safety Assessments of Cosmetic Ingredients	Dr S Pfhuler	<i>P&G / Dr K Reisinger, Henkel</i>
Novel extensions of the ToxTracker genotoxicity assay to provide insight into mode of action of aneugenic and clastogenic chemicals (tbc)	tbc	<i>tbc</i>
