

MONDAY 12th April 2021 Morning	
Continuing Education Programme	
09:30 – 12:00	COVID-19 repurposing therapies and vaccines: The evolution of rapid toxicological assessment and regulation

MONDAY 12th April 2021 Afternoon			
Congress			
12:45 – 13:00	Congress Welcome BTS President: Prof Shirley Price (University of Surrey)		
13:00 – 14:00	Plenary Lecture: TBC		
14:00 – 15:00	BTS AGM		
15:30 – 17:15	<table border="1"> <tr> <td>Symposium 1: Experimental data and uncertainty modelling [Supported by RSC Toxicology Group]</td> <td>Symposium 2: <i>Chemical Weapons: Approach with caution</i> [Hosted by Human & Clinical Toxicology Section]</td> </tr> </table>	Symposium 1: Experimental data and uncertainty modelling [Supported by RSC Toxicology Group]	Symposium 2: <i>Chemical Weapons: Approach with caution</i> [Hosted by Human & Clinical Toxicology Section]
Symposium 1: Experimental data and uncertainty modelling [Supported by RSC Toxicology Group]	Symposium 2: <i>Chemical Weapons: Approach with caution</i> [Hosted by Human & Clinical Toxicology Section]		
17:15 – 17:45	<table border="1"> <tr> <td>Symposia Reflection and Discussion</td> <td>Symposia Reflection and Discussion</td> </tr> </table>	Symposia Reflection and Discussion	Symposia Reflection and Discussion
Symposia Reflection and Discussion	Symposia Reflection and Discussion		

TUESDAY 13th April 2021 Morning	
Interactive Workshop	
10:00 – 11:30	The toxic art of public engagement and outreach Dr Steve Cross (Wellcome Trust Engagement Fellow)

TUESDAY 13th April 2021 Afternoon			
12:45 – 13:45	BTS: Paton Prize Lecture: Xenobiotic metabolism, cytochrome P450, microsomes, peroxisomes, nuclear receptors and rodent liver tumours: the scientific adventures of an old dinosaur Professor Brian Lake (University of Surrey)		
13:45 – 15:45	<table border="1"> <tr> <td>Symposium 3: <i>Dose response concerns for in vivo test guidelines: Current human health regulatory needs</i> [Hosted by Regulatory Toxicology Section]</td> <td>Symposium 4: <i>Application of big data and systems toxicology to drug and chemical safety evaluation</i> [Hosted by Mech. & Disc Toxicology Section]</td> </tr> </table>	Symposium 3: <i>Dose response concerns for in vivo test guidelines: Current human health regulatory needs</i> [Hosted by Regulatory Toxicology Section]	Symposium 4: <i>Application of big data and systems toxicology to drug and chemical safety evaluation</i> [Hosted by Mech. & Disc Toxicology Section]
Symposium 3: <i>Dose response concerns for in vivo test guidelines: Current human health regulatory needs</i> [Hosted by Regulatory Toxicology Section]	Symposium 4: <i>Application of big data and systems toxicology to drug and chemical safety evaluation</i> [Hosted by Mech. & Disc Toxicology Section]		
15:45 – 16:15	<table border="1"> <tr> <td>Symposia Reflection & Discussion Session</td> <td>Symposia Reflection & Discussion Session</td> </tr> </table>	Symposia Reflection & Discussion Session	Symposia Reflection & Discussion Session
Symposia Reflection & Discussion Session	Symposia Reflection & Discussion Session		
16:15 – 17:00	BTS Network for Early Stage Toxicologists (BTS-NEST) Invitation Lecture		

WEDNESDAY 14th April 2021 Morning	
10:00 – 11:30	Study Director & Monitor Workshop

WEDNESDAY 14th April 2021 Afternoon		
12:45 – 13:45	BTS: Barnes Prize Lecture: Title TBC Dr Bette Meek (University of Ottawa)	
13:45 – 14:30	BTS Selected Short Oral Communications	BTS Selected Short Oral Communications
14:45 – 16:30	Symposium 5: The impact of air pollution upon human health	Symposium 6: Collaborating to increase confidence in the application of non-animal approaches [Supported by NC3Rs]
16:30 – 17:00	Symposia Reflection and Discussion	Symposia Reflection and Discussion
17:00 – 17:45	Early-Career Investigator Prize Lecture: TBC	

THURSDAY 15th April 2021		
12:45 – 13:45	Mid-Career Investigator Prize Lecture: Title TBC Dr Helen Prior (NC3Rs)	
13:45 – 14:00	Prizes and Awards	
14:00 – 16:00	Symposium 7: Policy engagement with Carbon Monoxide (CO): When wedding bells ring for toxicological research [Hosted by Risk Assessment Speciality Section] [Supported by the Gas Safety Trust]	Symposium 8: In Silico Toxicology – Data, Concepts, and Pitfalls [Hosted by Computational and <i>in silico</i> Toxicology Speciality Section] [Supported by IVTS]
16:00 - 16:15	Close of Congress BTS President: Prof Shirley Price (University of Surrey)
