

| MONDAY 17th April 2023 – Park Regis Hotel, 160 Broad Street, Birmingham, B15 1DT, UK | | |
|--|---|--|
| 09:00 | Registration open for CEP and Congress Delegates | |
| 11:30 – 12:30 | BTS Scientific Subcommittee Meeting [Dunlop – Level 15] | |
| Continuing Education Programme | | |
| UK Regulation Across the Sectors – Current Practice and Future Perspectives [Sky Loft – Level 16] | | |
| 09:30 – 9:35 | Introduction Chairs: Helen Nakeeb (UK Health Security Agency) and TBC (NEST representative) | |
| 09:35 – 10:00 | Regulation of Chemicals in Food – Dr. Claire Potter (Food Standards Agency) | |
| 10:00 – 10:25 | Regulation of Pesticides – Dr. Susy Brescia (Health and Safety Executive) | |
| 10:25 – 10:55 | <i>Refreshments</i> | |
| 10:55 – 11:20 | Regulation of Consumer Products – Frances Hill (Department for Business and Trade) | |
| 11:20 – 11:45 | Regulation of Pharmaceuticals – Dr John Clements (Medicines and Healthcare products Regulatory Agency) | |
| 11:45 – 12.30 | <i>Lunch, & Trade Exhibition</i> [Garrard & Blumfield Suite, Level 15] | |
| Congress Programme | | |
| 12:30 – 12:45 | Congress Welcome BTS President: Prof Brian Lake (University of Surrey) [Sky Gallery – Level 16] | |
| 12:45 – 13:30 | Plenary Lecture: Toxicological aspects of nano- and micro-plastic particles Dr. Todd Gouin (TG Environmental Research) Chair: Dr Philip Botham (Syngenta) [Sky Gallery – Level 16] | |
| 13:30 – 14:30 | BTS AGM [Sky Gallery – Level 16] | |
| 14.30 – 15.00 | Refreshments, Posters & Trade Exhibition [Garrard & Blumfield Suite – Level 15] | |
| Symposium 1: Dose-Response relationships in chemical risk assessment – is there a new paradigm shift? Chairs: Dr. Susy Brescia and Dr. Georgia Reynolds (NEST) [Hosted by Risk Assessment Speciality Section] [Sky Gallery – Level 16] | | Symposium 2: Increasing predictive power: exploiting current knowledge to advance preclinical testing Chairs: Dr. Carolin Schramm and Dr. Nicholas Coltman (NEST) [Hosted by: Mechanistic and Discovery Toxicology Speciality Section] [Sky Loft – Level 16] |
| 15:00 – 15:30 | New application of dose-response analysis: deriving relative potencies for mixture risk assessment – Bas Bokkers (RIVM, NL) | Learnings from when preclinical drug development failed to predict adverse events in clinical trials. Lap Hing Chi (La Trobe University, Bundoora, Victoria, Australia) Virtual presentation |
| 15:30 – 16:00 | Non-monotonic dose-responses: state of the art - Alan Boobis (Imperial College, London, UK) | Large-scale human genetics in drug target discovery and safety assessment. Eleanor Wheeler (AstraZeneca, Cambridge, UK) |
| 16:00 – 16:30 | Thresholds for genotoxicity - Gareth Jenkins (Swansea Uni, UK) | Benefits of humanised mouse models in drug discovery. Professor Roland Wolf (University of Dundee, UK) |

This meeting is supported by way of donations or purchase of exhibition space by the companies listed in the exhibition area and is limited to meeting the cost of the scientific meeting with no input to the programme

| | | | |
|---------------|--|----------------------|--|
| | | | |
| 16:30 – 17:00 | Endocrine disruptors: is a threshold approach justified? - Christopher Borget (Applied Pharmacology and Toxicology, Inc. Gainesville, FL, USA) | 16:30 to 16:45 | Oral Communication: Unravelling species differences in hepatic stress response capacity to inform the selection of animals for use in preclinical drug safety assessment Ms. Hannah Coghlan (MRC Centre for Drug Safety Science) |
| | | 16:45 to 17:00 | Symposium Reflection and Discussion |
| 17:00 – 17:20 | Refreshments, Posters & Trade Exhibition [Garrard & Blumfield Suite – Level 15] | | |
| 17:20 – 17:50 | Malcolm Blackwell Award & NEST Lecture: A cheap unlimited supply of donor-free functional hepatocytes for Toxicology, a NAM hiding in plain sight Prof. Matthew Wright (University of Newcastle, UK) <i>Chair: Jamie Dunn (NEST)</i> [Sky Gallery – Level 16] | | |
| 17:50 onwards | Drinks Reception [Garrard & Blumfield Suite, Level 15] <i>BTS Exec Committee Members will be identified by their congress badges and invite members to ask questions, provide feedback, and make suggestions – it's your society!</i> | | |
| 18:15 onwards | NEST Networking Session - [location TBC] | | |

| TUESDAY 18th April 2023 | | |
|---|--|--|
| 07:30 – 09:00 | BTS Ambassadors Breakfast – location: Hotel Restaurant (reserved tables) | |
| 08:00 | Registration opens | |
| | Symposium 3: Clinical Toxicology Workshop Chairs: Dr James Coulson & Dr Ajay Gupta [Hosted by: Clinical & Human Toxicology Speciality Section and the British Pharmacology Society] [Sky Gallery – Level 16] | Symposium 4: Application of in vitro methods for mechanistic understanding and decision making Chairs: Dr Fiona Sewell and Prof Martin Clift [Supported by: NC3Rs and UK AAT] [Sky loft – Level 16] |
| 09:00 – 09:30 | Introduction to Clinical Toxicology – Dr Laurence Gray (University Hospital Llandough, Cardiff) | <i>In vitro</i> panels for seizure screening Dr Kimberley Rockley (ApconiX, UK) |
| 09:30 – 10:00 | Pharmacogenetics, Pharmacogenomics and Precision Medicine – Speaker TBC | The RTgill-W1 cell line assay replacing the use of fish in support of OECD Test guideline 249 Dr Stefan Fischer (aQuaTox-Solutions, Switzerland) |
| 10:00 – 10:30 | Pharmacoepidemiology or Environmental pollution and cardiovascular disease – Speaker TBC | Validation of new in vitro alternatives to animal tests Dr Helena Kandarova (ESTIV, Slovakia) |
| 10:30 – 10:45 | Oral Communication: Case Report of the Chemical Investigation of Incidents of Hepatitis of Unknown Origin in Children in 2022 Prof. Timothy Gant (UKHSA) | Oral Communication: Are non-animal systemic safety assessments protective? A toolbox and evaluation strategy Dr Alistair Middleton (Unilever, UK) |
| 10:45 – 11:00 | <i>Symposium Reflection & Discussion Session</i> | <i>Symposium Reflection & Discussion Session</i> |
| 11:00 – 11:30 | Refreshments, Posters & Trade Exhibition [Garrard & Blumfield Suite – Level 15] | |
| | Panel Discussion “Working on Scientific Advisory Committees: Why and How?” Panel members: TBC (organisers Ruth Dempsey, Heather Wallace, Lesley Stanley) [Sky Gallery – Level 16] | BTS Study Director Workshop Chairs: Warren Harvey (ICON) & Sean O’Halloran (LabCorp Drug Development) [Sky loft – Level 16] |
| 11:30 – 13:00 | <ul style="list-style-type: none"> Panel members from: Committee on Carcinogenicity of Chemicals in Food (CoC), Office for Product Safety and Standards (OPSS) secretariat, Advisory Committee on Novel Foods and Processes (ACNFP), UK Expert Committee on Pesticides (ECP) and Committee on Mutagenicity of Chemicals in Food, Consumer Products and the Environment (CoM) Discussion of changes in emphasis in UK post EU-exit Case studies Type of toxicologists needed Discussion, Q&A | <ul style="list-style-type: none"> Poornima Paramasivan (Concept Life Sciences): VM7Luc Estrogen Receptor Transactivation Test Method for Identifying Estrogen Receptor Agonists and Antagonists (OECD TG 455, ANNEX 3) – Method set-up and validation Julie Eakins (Cyprotex): Understanding mechanism of TAK-875 drug induced liver injury Hannah Kilbee (LabCorp): Rodent Intracranial Surgery – Gene/Cell Therapy Safety Testing Frances Tyler (Sequani): Considerations for dermal toxicity studies |
| 13:00 – 14:00 | Lunch, Posters & Trade Exhibition [Garrard & Blumfield Suite – Level 15] | |
| 13:00 – 14:00 | BTS Poster Communications Judging | |
| | BTS Selected Short Oral Communications Chair: Prof. Ian Copple (University of Liverpool) [Sky Gallery – Level 16] | |
| 14:00 - 14:15 | Physicochemical Characterisation and Potential Health Effects of Tyre Wear Particles Mr David O’Loughlin (MRC Toxicology Unit) | |
| 14:15 – 14:30 | Linking metabolic and reproductive disruption induced by organophosphate flame retardants using an in vitro human 3D cell culture models Chander Kant Negi (Recetox) | |

This meeting is supported by way of donations or purchase of exhibition space by the companies listed in the exhibition area and is limited to meeting the cost of the scientific meeting with no input to the programme

| | |
|---------------|---|
| 14:30 – 14:45 | Translation byproducts from therapeutic messenger RNAs and off-target immune responses Thomas Mulroney (MRC Toxicology Unit) |
| | BTS Selected Short Oral Communications <i>Chair: Dr Lesley Reeve (LabCorp Drug Development)</i> [Sky Gallery – Level 16] |
| 14:45 – 15:00 | Novel microRNA Biomarkers for Monitoring Distinct Profiles of Chronic and Acute Methotrexate-Induced Liver Toxicity Represented in a Pre-Clinical in vivo Model Mr Joseph Brown (University of Liverpool) |
| 15:00 – 15:15 | Identification of aripiprazole-binding proteins using thermal proteomics Yizhou Yu (University of Cambridge) |
| 15:15 – 15:30 | Pioneering platform enables rapid translational data review Dr Brenda Finney (Instem) |
| 15:30 – 15:45 | BTS Poster Communications Judging |
| 15:45 – 16:30 | Frank Sullivan Award and Early-Career Prize Lecture: Characterisation of morphological and molecular changes in macrophages following exposure to brake wear particles Dr. Liza Emirali (MRC Toxicology Unit) <i>Chair: Prof. Ian Copple (University of Liverpool) & Laura Booth (NEST)</i> [Sky Gallery – Level 16] |
| 16:30 - | Refreshments, Posters & Trade Exhibition [Garrard & Blumfield Suite – Level 15] |
| 16:30 – 17:20 | BTS Speciality Sections Round-Table Discussions (Open to All delegates) Open discussions on future activities and discussion topics of the speciality sections - led by the section Co-ordinators |
| | Mechanistic and Discovery Toxicology [Boulton – Level 4] Computational and <i>In silico</i> Toxicology [Chamberlain – Level 4] Clinical and Human Toxicology [Sky Loft – Level 16] Ecotoxicology [Dunlop – Level 15] Regulatory Toxicology [Sky Gallery – Level 16] Risk Assessment [Armstrong – Level 15] |
| 17:30 – 18:30 | BTS: Barnes Prize Lecture: Carcinogenesis: DNA Reactivity, Cell Proliferation, and Human Relevance Professor S M Cohen (University of Nebraska Medical Center) <i>Chair: BTS President, Prof. Brian Lake</i> [Sky Gallery – Level 16] |
| 19:30 – 20:00 | Delegate Networking and Congress Dinner Drinks Reception [location TBC] |
| 20:00 – Late | Congress Dinner & Entertainment [Sky Gallery – Level 16] |

This meeting is supported by way of donations or purchase of exhibition space by the companies listed in the exhibition area and is limited to meeting the cost of the scientific meeting with no input to the programme

| WEDNESDAY 19th April 2023 | | |
|---|--|--|
| 08:00 | Registration opens | |
| | <i>(Later start to allow delegate check-out from hotels)</i> | |
| | <p>Symposium 5: Current OECD Regulatory Developments for Nanomaterials <i>Chairs: Dr Rachel Smith and Dr Miriam Jacobs</i> [Hosted by: Regulatory Toxicology Speciality Section] [Sky Gallery – Level 16]</p> | <p>Symposium 6: Innovative approaches supporting the toxicological evaluation of agrochemicals <i>Chairs: Dr Richard Currie (Syngenta) and Nium Johal (NEST)</i> [Proposed and Hosted by BTS Members] [Sky Loft – Level 16]</p> |
| 09:45 – 10:15 | Development of a TG/GD for nanoparticle toxicokinetics - A joint NL/UK initiative – Dr Rachel Smith (UK HSA) | Refining inhalation risk assessment of products using an integrated approach for testing and assessment – Alex Charlton (Syngenta, North Carolina, US) Virtual presentation |
| 10:15 – 10:45 | Preliminary OECD guidance document for in vitro genotoxicity testing of nanomaterials – Dr Shareen Doak (University of Swansea) | NAMs- and PBK-based Mode of Action and Human Relevance Assessment: the Spinosad case example – Marco Corvaro (Corteva Agriscience, Rome, Italy) |
| 10:45 – 11:15 | Advanced in vitro approach to investigate nanoparticle behaviour in the oro-gastrointestinal tract - Dr Isabella De Angelis (ISS) Istituto Superiore di Sanità Environment and Health Department | Towards multi-omic predictors of aquatic acute-to-chronic toxicity ratios– Mark Viant (Michabo Health Science, UK) |
| 11:15 – 11:30 | Oral Communication: Understanding how CeO ₂ nanoparticles modulate bleomycin-induced inflammatory and fibrotic events in both in vivo and in vitro models Dr Chang Guo (UKHSA) | Oral Communication: Assessing the relevance of an OECD Adverse Outcome Pathway (AOP) to the mammalian toxicity of fenazaquin Mr. Kim Z Travis (Regulatory Science Associates) |
| 11:30 – 11:45 | Symposium Reflection and Discussion | Symposium Reflection and Discussion |
| 11:45 – 12:10 | <i>Refreshments, Posters & Trade Exhibition</i> [Garrard & Blumfield Suite – Level 15] | |
| 12:10 – 12:45 | <p>Hot Topic Lecture: Sebomics – potential applications in toxicology Professor Perdita Barran (University of Manchester, UK) <i>Chair: Dr. Lesley Reeve (LabCorp Drug Development)</i> [Sky Gallery]</p> | |
| 12:45 – 13:30 | <i>Lunch, Posters & Trade Exhibition</i> [Garrard & Blumfield Suite – Level 15] | |
| | <p>Symposium 7: Confident PBK modelling in NGRA <i>Chairs: Dr. Hequn Li and Dr. Ovnair Sepai</i> [Hosted by <i>In silico</i> Toxicology Speciality Section and the Royal Society of Chemistry] [Sky Gallery – Level 16]</p> | <p>Symposium 8: Increasing the use of cross-species extrapolation to support decision making <i>Chairs: Dr Natalie Burden and Nium Johal (NEST)</i> [Hosted by: Ecotoxicology Speciality Section] [Sky Loft – Level 16]</p> |
| 13:30 – 14:00 | Systematic review of PBK models to facilitate a read across approach - Alicia Paini , esqLABS, Germany | Overview of the International Consortium to Advance Cross Species Extrapolation in Regulation (ICACSER) - Geoff Hodges , Unilever, UK |
| 14:00 – 14:30 | The potential of PBK modelling to inform agrochemical safety and reduce toxicity testing - J.A. Leedale , Syngenta, UK | ERGO: Breaking Down the Wall between Human Health and Environmental Testing of Endocrine Disrupters - Lisa Baumann, XXXX Amsterdam Virtual Presentation |
| 14:30 – 15:00 | Next Generation Risk Assessment of the Anti-Androgen Flutamide Including the Contribution of Its Active Metabolite Hydroxyflutamide - Tessa van Tongeren , Wageningen University, NL | The MetaPath project: Examples of comparative metabolism across species - Rick Kolanczyk , US EPA, USA Virtual Presentation |

This meeting is supported by way of donations or purchase of exhibition space by the companies listed in the exhibition area and is limited to meeting the cost of the scientific meeting with no input to the programme

| | | |
|---------------|--|---|
| 15:00 – 15:15 | Oral Communication: The journey towards confidence— ADME characterizations and development of a human PBK model for making safety decisions: a case study of an UV-filter benzophenone-4 Dr Hequn Li , Unilever, UK | Oral Communication: Replacing the need for in vivo BCF studies - the use of <i>in vitro</i> biotransformation data in a WoE approach for the REACH registration of fragrance chemicals Dr Karen Jenner (Givaudan UK Ltd) |
| 15:15 – 15:30 | Symposium Reflection and Discussion | Symposium Reflection and Discussion |
| 15:30 - 15:45 | Close of Congress BTS President: <i>Prof Brian Lake (University of Surrey)</i> [Sky Gallery – Level 16] | |

This meeting is supported by way of donations or purchase of exhibition space by the companies listed in the exhibition area and is limited to meeting the cost of the scientific meeting with no input to the programme
