Find our website here

- **Promote** pathways to BTS inclusion and leadership roles
- **Engage with**, and respect all opinions
- **Support** all BTS members

How we will be inclusive:

Ensure travel bursaries, awards & prizes at all levels

Respect and debate all opinions

Promote to all members opportunities to volunteer and contribute

Support early-stage toxicologists

Nurture, promote and celebrate equality, diversity and inclusion

Collaborative

- **Champion** communication, collaboration, dissemination, and networking
- **Partner** with all interested parties across all sectors to support education, training and activities
- **Deliver** authoritative statements and advice

How we will be collaborative:

Run successful
events &
congresses

Network and form
partnerships

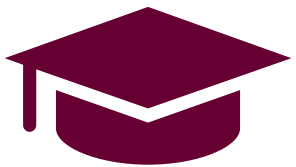

Develop a community of
experts across all sectors

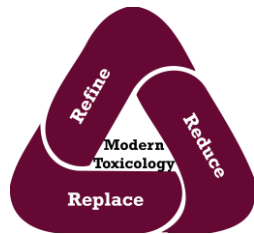

Inspirational

- **Advance education and training**
- **Encourage** new initiatives in Toxicology development and innovation to fulfil future needs
- **Enhance** the profile of UK Toxicology Internationally
- **Celebrate achievements**

How we will be Inspirational:

Support the education training needs in toxicology at all career levels

Advance toxicology with an emphasis on 3Rs and new approaches in all sectors

Disseminate world-class toxicology research to professionals and the public

Celebrate achievements

Sustainable

- **Maintain** strong BTS finances, governance, membership and succession
- **Align BTS activities** with relevant sustainable goals of the UN

How we will be Sustainable:

Champion clear leadership and succession planning, finance, membership and governance

Align our activities with relevant UN sustainable goals
